

Over his career John has built a reputation for design quality and successful time and cost management of completed works of the highest order.

John Grealy

Director

Professional Experience

A specialist architectural design manager with over 30 years experience, John has been responsible for the design and delivery of major projects throughout Australia and overseas.

John's experience spans many sectors, producing innovative design solutions such as the award winning Queensland State Government's Neville Bonner Building and the award winning Commonwealth Law Courts building in Brisbane. Recently John led the winning design competition entry for the Sunshine Coast University Hospital project.

John also has particular expertise in large scale public and civic projects such as the Queen Elizabeth II Court of Law and the Queensland Gallery of Modern Art. He is responsible for the design and delivery of a wide range of projects across vast market sectors but particularly public and education. John participates in numerous representations to government parliamentary committees, judiciaries and corporations.
