Professional Experience

Madeleine is an Associate with a broad range of interior design experience including residential and corporate projects, both large and small-scale. Her expertise includes concept design, design development, planning and documentation coordination.

Prior to joining Architectus, and while an Associate at HASSELL, Madeleine was involved in the Claremont residential development in South Yarra, commercial fit outs for Roads and Maritime Services and the ANZ headquarters in Sydney, and Glaxo Smith Kline and Credit Suisse in Singapore. It was through this experience that Madeleine gained expertise in the design and design development of large-scale floor plans. Her enthusiasm for design, sophisticated presentation packages and design research makes her an invaluable team member.

Significant Projects

Queensbridge Hotel Tower, Melbourne. 84-storey mixed use tower with 388-room luxury six-star hotel, 680 residential apartments, and a publicly accessible observation deck with restaurant, bar and garden terrace, for Crown Resorts and Schiavello. In association with WilkinsonEyre.

Faculty of Arts and Social Sciences, University of Sydney. New building including faculty hub, teaching and learning spaces, academic / professional offices, HDR accommodation and research centre. 7876 m².

Royal Far West Centre of Excellence, Manly. Design Review for a new facility incorporating school, clinical consultation rooms and accommodation. 7 storey, 4900 m², \$35m.

106-116 Epsom Road, Zetland. Design competition winner. Residential development comprising 259 apartments across 5 - 9 storeys. 22 000 m², \$70m.

ANZ Workplace, Sydney, (HASSELL) The latest ANZ workplace to be completed is the bank's new head office for the Australian state of New South Wales at ANZ Tower, in Sydney. It brings ANZ's institutional banking, wealth management, private banking services and other business units together in one location. 30 000 m². *Awards: Inside World Festival of Interiors - Short Listed - Offices, 2014.*

Credit Suisse Workplace, Singapore (HASSELL). The new Credit Suisse workspace is about the same size as a small city block, with expansive 200m x 40m floorplates. This scale was integral to the design, as was Credit Suisse's Smart Working program, focused on improving work practices through good workplace design. 16 000 m².

ANZ Centre, Melbourne (HASSELL). Design competition winner
Applying contemporary thinking in workplace design and leadership in sustainability to reflect the client's focus on engagement and productivity while responding to the site's unique location. 83 000 m². *Awards: IDA - Colour in Commercial Design Winner, 2011. IDA - Commercial Design Winner, 2011. World Architecture Festival Awards - Overall Winner - Interiors and Fitout, 2010. IDEA - Best Commercial Interior over 1000 m² Winner, 2010. AIA National Awards - Interior Architecture Winner, 2010.*

Giblin-Eunson Library, University of Melbourne (HASSELL). Interior Designer for the new learning hub at the University, which transformed three levels within an existing building for the Faculty of Business and Melbourne Graduate School of Education. 3 storeys, 4500 m².

55 Claremont, Melbourne (HASSELL) Project Leader for 37 luxury apartments with expansive and flexible floorplans.
