Professional Experience

Marina joined Architectus in 2012 and brings a dynamic energy and focus to her work. With a particular interest in learning environments, Marina's passion for the education sector has been extended through her tutoring at the Faculty of Architecture and by her multiple projects for the University of Melbourne including two significant refurbishments in the historic Old Arts building; taking the William Macmahon Ball Theatre and Collaboration Space 4 from feasibility through to completion; and working with the Faculty of Arts user groups to define learning and teaching modalities, Marina led the development of the learning space design for the Arts West Redevelopment.

At Architectus Marina is involved in all stages of project development. She has developed a broad range of design skills and thrives on the ability to engage with clients, designers and the broader consultant teams.

Significant Projects

Arts West Redevelopment, University of Melbourne, Parkville. Rebuild of the east wing and extensive rework of the existing facilities to become the new home of the Bachelor of the Arts Faculty. In association with ARM Architecture. 6500 m², \$66m.

Learning Space Design Guide, Monash University. A roadmap for refurbishment of 650 spaces over four campuses in response to the University's blended learning approach.

William Macmahon Ball Theatre, University of Melbourne. Adaptive re-use of existing space in the Old Arts building to create a contemporary Harvard-style lecture and debating venue. 250 m².
Awards: CEFPI, Outstanding School (Commendation) Education Initiative, 2014.

Old Arts Collaboration Space 4, University of Melbourne. New postgraduate space for the historic and recently refurbished Old Arts Building. An innovative and collaborative teaching space that supports teaching strategies and improves learning outcomes. 100 m².

The Gipson Commons, St Michael's Grammar School, St Kilda. Science blended with resource and library function around a central and social atrium space, and a ground floor

cafeteria that is also function centre and a meeting place. 'Spaces for Possibilities'. 6000 m², 3 storey, \$20m. *Award: A4LE Australasia, An Education Initiative, a Design Solution for an Innovative Program, Commendation, 2016.*

University of Melbourne Village, Leicester Street, Melbourne. Design development / documentation of 648-bed student accommodation. 17 210 m² NLA, \$57m.

St Francis of Assisi, Melbourne. Master Plan works include a new school reception, administration extension and 6 new general purpose classrooms.

Charles Sturt University Student Housing, Orange/Wagga Wagga. Design Brief for two new student accommodation facilities. \$15m.

Cricket Club, Essendon. Feasibility exploring new ground upgrade and new multipurpose facilities and amenities. 3860 m², \$8m.

Royal Children's Hospital, Melbourne. (Bates Smart). Design of the facade and front of house areas for major PPP project; a new model of care, incorporating innovative international healthcare concepts.
